

Izaak White

5133072880 | ww655421@ohio.edu | <https://www.linkedin.com/in/izaak-white-994319266/>

EDUCATION

Ohio University | Athens, OH

May 2026

Bachelors of Science

Major: Computer Science

GPA: 3.91

EXPERIENCE

Ohio University | Athens, OH

May 2024 - August 2024

Hardware Security Research Intern

- Rapidly mastered four new hardware design and verification tools (PyMTL3, OpTiMSoC, VectorCGRAs, Vivado) within a short timeframe, significantly accelerating research progress.
- Conducted hardware security research leveraging Coarse Grained Reconfigurable Arrays (CGRAs) to investigate and analyze a published CVE, contributing to enhanced system security.
- Effectively communicated complex research findings to leading professors through weekly PowerPoint presentations and formal Overleaf reports, fostering collaborative knowledge sharing.
- Independently designed and implemented a secure cache check using CGRAs, preventing cache timing attacks.

COURSEWORK AND PROJECTS

Wordle Clone

January – May 2024

- Full stack development of 'Wordle' utilizing JavaScript, React, Node, Tailwind CSS, HTML, and Supabase for our API/DataBase
- Worked with a team and utilized many GitHub features: workflows, branches and reviewing merges
- Made UML diagrams, presentations, and unit tests using Jest for our presentations
- Created other pages and minigames on our hosted website (wordlemaxxers.com/home)
- Made an algorithm that could solve Wordle puzzles

Spotify Karaoke App

June 2024

- Developed a full-stack web application for users to log in with Spotify, play songs, and enjoy a real-time karaoke experience with synchronized lyrics.
- Integrated the Spotify Web API for secure OAuth 2.0 authentication, playlist retrieval, and real-time song playback, alongside the Lyric Finder API for lyrics and an Album Cover API for album art.
- Built a responsive React front-end with modern UI components, React Router for navigation, and hooks for state management.
- Implemented a Node.js/Express.js back-end to handle API requests, authentication tokens, and communication with third-party APIs.

LEADERSHIP ACTIVITIES AND MEMBERSHIPS

Association for Computing Machinery | Athens, OH

August 2022 - Present

Member

- Enhanced personal coding and problem-solving skills through active participation in ACM-sponsored challenges and events, improving individual performance and contributing to team success.
- Engaged in collaborative team exercises within ACM, fostering a positive and supportive learning environment for fellow members.

HONORS AND AWARDS

Deans List 5 semesters | Athens, OH

December 2024

Presidents List 2 semesters | Athens, OH

May 2023

CERTIFICATIONS

Cyber-Security Management Certificate | Ohio University

2026

TECHNICAL AND LANGUAGE SKILLS

Technical: C/C++, Java, JavaScript, React, HTML, CSS, AWS, Git, Linux, Docker, Node.js, SQL, Bash
